2. Review, discussion and action regarding LCB File No. R105-14P: F. Olmstead informed the committee that LCB File No. R105-14P regarding APRN prescribing practices will be reviewed by the Board during the November Board meeting. If the Board approves the concept and wording of LCB File No. R105-14P a regulation hearing will be held at the January Board meeting. The Prescription Drug Abuse Coalition is determined to encourage the safe administration, use and disposal of prescription drugs throughout Nevada.

2. Legislative update

Vanbeuge informed the committee that she spoke with the president of the Nevada Advanced Practice Nurses Association (NAPNA) and was informed that they have plans to introduce legislation during the upcoming legislative session to allow APRNs to sign the DMV applications for disabled license plates and placards and death certificates. D. Scott clarified that it is not the purview of the Board to introduce this legislation; however, the Board may vote to support, oppose or remain neutral on these issues during the legislative session.
 - b. Death certificates: This agenda item was discussed in conjunction with agenda item C.2.a.

3. Review, discussion and action regarding APRNs discharging legal 2000 patients: R. Colosimo informed the committee that she was recently asked if an APRN can discharge legal 2000 patients.
