Your education must be received in one of the following ways:

- i. **Nevada graduates:** This requirement may be completed by: 1) Your school sending the Board an affidavit of graduation and official transcript on your behalf, or 2) You ordering an official transcript, which must indicate a nursing degree and graduation date, to be sent directly to the Board from your nursing program. Please contact your program to determine if you are required to request your transcripts yourself. Transcripts may be mailed to 5820 S. Eastern Ave., Suite 200, Las Vegas, NV 89119, or an electronic transcript may be sent to nursingboard@nsbn.state.nv.us.

If you graduated from a nursing program in a country or territory where the primary language is a language other than English, you must pass an English examination from an approved provider. Approved providers and passing scores are below:

 - c. The International English Language Testing System (IELTS) Academic with a minimum passing score of 6.5 overall and a 6.0 in any one module.

Detailed information regarding completing an evaluation or English exam can be found in the *Requirements for International Applicants* form on our website under the Forms tab.

3. Apply to NCLEX testing service through Pearson Vue. The application is available online at: www.nclex.com. *You do not need to submit proof of your payment. Pearson Vue notifies the Board directly, and your account is updated within approximately one week from your payment submission.*
4. Completed fingerprint card OR electronic fingerprint submission. Electronic fingerprint submission is only available if you are in Nevada - see separate instructions and submission form online. If you have completed fingerprints for the Nevada State Board of Nursing within the previous six months, you are not required to submit fingerprints again. **Note:** *A permanent license will not be issued until the Board receives fingerprint reports from the Nevada Department of Public Safety and the Federal Bureau of Investigation, and any issues have been resolved. Due to various factors, it may take up to four (4) months for the Board to receive the official fingerprint results from the Department of Public Safety and FBI. Please note: If you have previously been fingerprinted for your place of employment or another board of nursing, we are unable to use those results. Federal law prohibits the sharing of fingerprint information. You will need to be fingerprinted specifically for the Nevada State Board of Nursing.*
